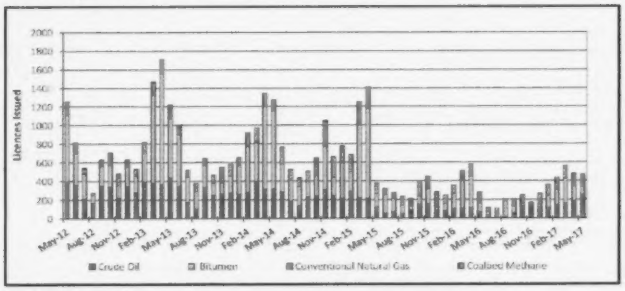
August 2017 Industry Activity Report

Monthly Well Licences



The Alberta Energy Regulator issued 325 well licenses in May 2017, up 57% from the 208 well licences issued in May 2016.

There were 165 licences issued for crude oil in May 2017, up 212% from the 53 crude oil licences issued in May 2016. Horizontal Well licences accounted for 94% of the crude oil licences issued in May 2017 with a total of 155 licences.

There were 105 natural gas well licenses (excluding CBM) issued in May 2017, up 33% compared to the 79 licences reported in May 2016. Horizontal well licences accounted for 100% of natural gas well licenses issued in May 2017.

	May 2017		
Licenced Wells	Drilling Type	Total Licences	Per cent of Total Licences
Natural Gas	Horizontal	105	32%
	Vertical/Direct	-

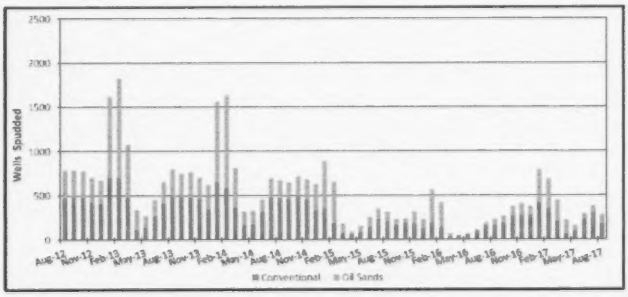
Alberta Wells Spudded (estimates)



For the January to August 2017 period, spuds from conventional wells were up 115% while oil sands spuds were up 70% compared to the same period in 2016.

With a total of 284 spuds for the month of August 2017, activity has increased 22% compared to August 2016 when there were 233 spuds.

Note: Data for the September 2017 is only partially complete. Therefore, August 2017 data includes the most current complete results.

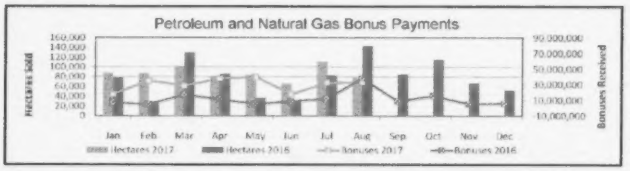
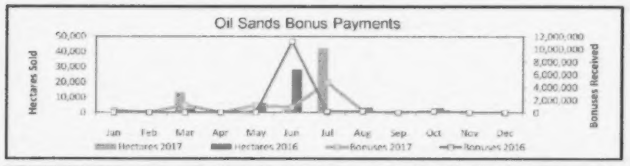
Petroleum & Natural Gas & Oil Sands Land Sales





In August 2017, the province received about $33.2 million as bonuses from the sales of 78,220 hectares of the petroleum and natural gas rights with an average price per hectare of about $423.7.

In August 2017, bonuses from oil sands sales were $321 thousand from the sales of 1,280 hectares with an average price of about $250.9 per hectare.

Between January and August 2017, Alberta received a total of about $250.8 million in bonuses from the sales of 758,927 hectares of petroleum and natural gas and oil sands land sales combined, compared to about $113.8 million received from the sales of 658,465 hectares in the same period a year before. Average price per hectare has increased from about $173 in January - August 2016 to about $330 in the same period in 2017.

Petroleum and Natural Gas Rights	Aug-17	Aug-16	YTD 2017	YTD 2016
Bonuses	$33,139,671.93	$37,803,887.07	$242,197,069.64	$102,184,302.78
Hectares	78,220	143,367	697,779	617,064
Average Price per Hectare (Cdn$)	$423.67	$263.69	$347.10	$165.60

Oil Sands Rights	Aug-17	Aug-16	YTD 2017	YTD 2016
Bonuses	321,142	170,924	$8,554,244.48	11,583,395
Hectares	1,280	3,264	61,147	41,401
Average Price per Hectare (Cdn$)	$250.89	$52.37	$139.90	$279.77

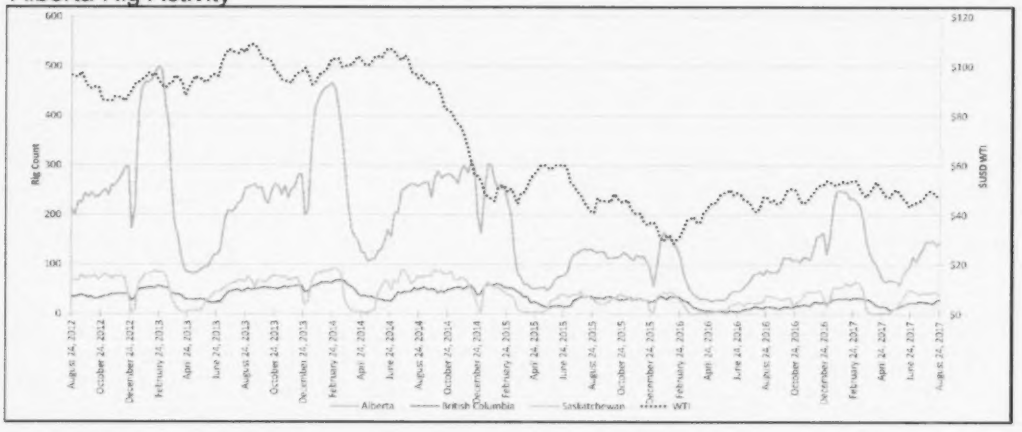
Alberta Rig Activity



Canadian Drilling	Drilling Aug 25, 2017	Compared to the Previous Week	WTI (US$/bbl)
Alberta	144	6	$ 47.68
Saskatchewan	38	-5	
British Columbia	29	3	
Canada	217	3	

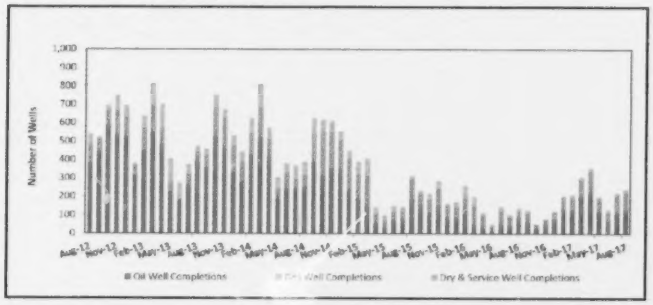
Source: Baker Hughes

Rig activity in Alberta increased by 6 to 144 for the week of August 25, 2017 and was 56 (64%) higher than for the week of August 26, 2016 about one year ago.

In Canada, the number of rigs drilling increased by 3 to 217 for the week of August 25, 2017 but was 71 (49%) higher than one year ago.

Canadian drilling falls rapidly in the spring to avoid environmental damage moving drilling equipment during the spring thaw and rainy season. With large weather related seasonal swings, even year-over-year comparisons can lead to incorrect conclusions.

Alberta Well Completions



There were a total of 240 wells completed in August 2017, up by 101 (73%) from 139 wells completed in August 2016.

Year to date, January - August 2017 oil well completions were up 143% and gas completions were up 27% compared to the same period the year before.
